In Year 2, students learn about aspects of God's nature and God's relationship with people, as they engage with a variety of New Testament texts depicting the teachings and actions of Jesus, and Old Testament texts that describe God's relationship with the Jewish people. They explore contextual information about the first century Mediterranean world, to better appreciate the life and times of Jesus. They learn about Jesus' mission and ministry and explore ways in which Jesus' teachings and actions continue to guide the life of the Church community today. They explore, recognise and appreciate the history of a parish community as it is revealed in many ways. Students learn about Jesus' mission and ministry and explore ways in which Jesus' teachings and actions continue to guide the life of the Church community today. They explore, recognise and appreciate the history of a parish community as it is revealed in many ways. Students learn about the sacredness of all creation, especially human life; the call to be co-creators and stewards of God's creation; and the responsibility to pursue peace and justice out of respect for human life and all creation. They develop their understanding of the loving relationship God unconditionally offers to people, and their understanding of sin, as evident in the free choices that harm the individual and their loving relationships with God, with others and with all creation. They explore ways in which believers seek to heal these relationships through reconciliation and prayer. They investigate ways in which believers celebrate reconciliation with God and with others in the Sacrament of Penance.

By the end of Year 2, students analyse some teachings and actions of Jesus depicted in New Testament texts that reveal aspects of God's nature. They discuss their ideas about God's relationship with the Jewish people as described in some Old Testament stories. Students pose questions about the life and times of Jesus and use sources provided to answer these questions. They make connections between Jesus' teachings and actions and the way members of the Church community live today.

Students examine ways in which prayer and the wisdom of the saints help believers to nurture their loving relationships with God, with others and with all creation. They develop their understanding of prayer in the Christian tradition through an exploration of prayer for forgiveness (acts of contrition and Penitential Act) and meditative prayer.

Students recognise the sacredness of God and all creation, especially human life. They identify ways in which human beings respond to the call to be co-creators and stewards of God's creation. Drawing on their own experiences, they suggest ways to pursue peace and justice out of respect for human life and all creation. They recognise choices that harm an individual and their loving relationships with God, with others and with all creation. They explain ways in which believers seek to heal these relationships through reconciliation and how they celebrate reconciliation in the Sacrament of Penance. They recognise that prayer and the wisdom of the saints help the believer to nurture their relationship with God, with others and with all creation. They participate with respect in a variety of personal and communal prayer experiences, including meditative prayer and prayers for forgiveness.
