

# Guardian Angels' School

## Annual Improvement Plan 2026

### Learning and Wellbeing

Embed explicit teaching practices for problem solving and reasoning in mathematics by implementing the BCE-aligned 5-step problem-solving routine to improve student outcomes in mathematics across Prep - Year 6.

### Delivering Thriving Catholic Schools

### Connecting Communities

Strengthen parent engagement by fostering collaborative partnerships that support student wellbeing, learning, and school improvement.

### Optimising Conditions for Success

### Maximising Potential

By the end of 2026, embed a whole-school approach to inclusive, respectful and safe learning environments, supporting all students to experience conditions for learning that promote wellbeing, engagement and learning.
